

废电池放入专门回收箱，
以免污染环境

The illustration shows a large, box-like recycling bin with a lid. On the front of the bin, the Chinese characters '电池' (Battery) and '回收' (Recycling) are written. The bin has a simple face with two dots for eyes and a wide, open smile. To the right of the bin is a small, anthropomorphic battery character. The battery character has a rectangular body with a positive terminal on top, a simple face with two dots for eyes and a smile, and two thin arms. It appears to be walking towards the recycling bin.
